Why NewTechWood®?

NewTechWood® is your ultimate solution for residential and commercial decking, cladding and screening. The most natural looking composite timber on the market, NewTechWood® is high in durability and ultra low in maintenance.

BENEFITS

- Full 360° Capping for Ultra Protection
- Natural look and feel of timber
- Low maintenance - no oiling or painting!
- Made from 95% recycled material
- Backed by a 25-year limited warranty

- Hidden clip system
- Stain & mould resistant
- Termite resistant
- UV inhibitors to resist fading

Environmentally friendly

NewTechWood® composite timber products have many advantages over ordinary timbers, not the least of which is the environmental savings:

- Made from 95% recycled materials
- Saves Native forests by using reconstituted timber fibres
- Prevents 5,400,000 kg plastic from being dumped in landfill each month

THE ULTRASHIELD® DIFFERENCE

NewTechWood® is a 360° fully capped wood plastic composite.

The unique UltraShield® technology shields all four sides for ultra protection against moisture and guarantees durability.

Shield

Core

Decking - never oil, sand or paint again!
