

# eva-last®

INSPIRED BY NATURE, DESIGNED FOR LIFE.

## Apex® PLUS

## BETTER PERFORMING, BETTER LOOKING COMPOSITE

### INCREASED SPAN

Reinforcement improves strength & span capability

### MORE STABLE

Less movement from expansion & contraction

### NATURAL AESTHETIC

Advanced technology for more natural looking composite

### SLIP RESISTANT

Reliable slip resistance properties

### LOW-MAINTENANCE

Only basic care required for optimal longevity

### PROTECTIVE CAP

Fade, scratch, & stain resistant capping technology

### DECAY RESISTANT

Resists decay, insects, moisture, & weather

### ECO-FRIENDLY

Long-lasting & prevents deforestation

## REINFORCED, CAPPED PVC COMPOSITE DECKING

**Capping material:**  
Engineered acrylic polymer

**Core material:**  
Foamed-PVC composite with  
glass fiber-reinforcement

**GFR** | GLASS FIBER  
REINFORCED

 FSC certified composite product

Apex PLUS offers you a resilient and natural looking composite. Its foamed-PVC and glass fiber-reinforced core allows for increased span capability over Apex. Low-maintenance Apex PLUS is more stable with less expansion and contraction than its predecessor, and requires only basic cleaning for optimal longevity. Its protective cap is made from a resilient acrylic polymer coating, for long-term fade, scratch, and stain resistance. Apex PLUS also provides decay resistance against insects, moisture, and the elements. Apex PLUS is an eco-friendly alternative to timber that prevents deforestation and premature deck replacement and uses solar power within the manufacturing process.

## APEX PLUS COLOURS

## APEX PLUS FAMILY OF PROFILES

190 x 24 mm

Grooved board

190 x 24 mm

Square edge board

### **HULK FASTENERS<sup>™</sup>**

**Grooved board fasteners**  
Compatible with Chain collated  
hidden clip and S-Series hidden  
clip systems

**Square edge board fasteners**  
Uses HULK composite top fixing  
screws on non-grooved edges
